Ascent Products, Inc.
2312 N. 7th Ave.
Bozeman, MT 59715

Dear Ms. Danhof;

B&W Welding & Repair, Inc. has recently discovered that we had an error in our vehicle identification system. The 16' flatbed utility trailer Ascent Products, Inc. purchased from B&W Welding & Repair, Inc., stated vehicle identification number (V.I.N.) 112223, should have the following V.I.N.: 1B9BF1610WB536223. We are aware of the prohibition of changing an established V.I.N. stated in 18 U.S.C. section 511; however, since our system of assigning V.I.N's was in error and there was no fraud involved with the change, we believe that particular section of the Federal Code does not apply in this situation.

This V.I.N. has been submitted to and approved by the National Highway Traffic Safety Administration (NHTSA). We understand that the change in V.I.N.'s will be filed by the NHTSA and will be filed under docket 1-22-N11E. We understand that the laws of Canada may differ from that required by the United States, however, we have done our best to come into compliance with United States Federal Code.

You will receive your updated trailer label with the new VIN in 10-14 business days. Thank you for your understanding in this matter. If we can answer any questions please feel free to call us at the above listed number.

Sincerely;

Kimberly A. Sinrud. Secretary/Treasurer
B&W WELDING & REPAIR, INC.
